Jurisdictions Under Increased Monitoring are those jurisdictions actively working with the FATF to address strategic deficiencies in their regimes to counter money laundering, terrorist financing and proliferation financing. These jurisdictions include Albania, Barbados, Burkina Faso, Cambodia, Cayman Islands, Jamaica, Jordan, Mali, Haiti, Malta, Morocco, Myanmar, Nicaragua, Pakistan, Panama, Philippines, Senegal, South Sudan, Syria, Turkey, Uganda, United Arab Emirates and Yemen.

Licensees are not being asked to apply enhanced due diligence measures but should consider the ML/TF/PF risk associated with these jurisdictions when maintaining business relationships and conducting transactions with the listed jurisdictions. In that regard, when conducting their risk analysis, Licensees should refer to the information on the country which can be found at any of the following links below:
